Re: Willard Asphalt Paving response to questions per our conversation

1. Item 5:

Radioisotopes: Ra-226 5.5 mCi of activity

Manufacturer and model: Seaman Nuclear Corporation model C-300

All devices are listed in the Sealed Source and Device Registry.

Quantity: We request a total possession limit of 1 mCi

2. The Troxler 3242 portable gauge will not be licensed at this time it will remain under the general license.

3. We understand that the RSO can not be changed internally; NRC must do this for us via the amendment process.

Item 7:

November 30, 2009

I, Jared Adams, have been appointed Radiation Safety Officer and am responsible for ensuring the safe use of radiation. I am responsible for managing the Radiation Protection Program; identifying radiation problems; initiating, recommending, or providing corrective actions; verifying implementation of corrective actions; stopping unsafe activities; and ensuring compliance with regulations. I have the authority necessary to meet the responsibilities, including prohibiting the use of byproduct material by employees who do not meet the necessary requirements and shutting down operations where justified to maintain radiation safety. I am required to notify management if staff does not cooperate and does not address radiation safety issues. In addition I am free to raise issues with the Nuclear Regulatory Commission at any time.

I accept these responsibilities

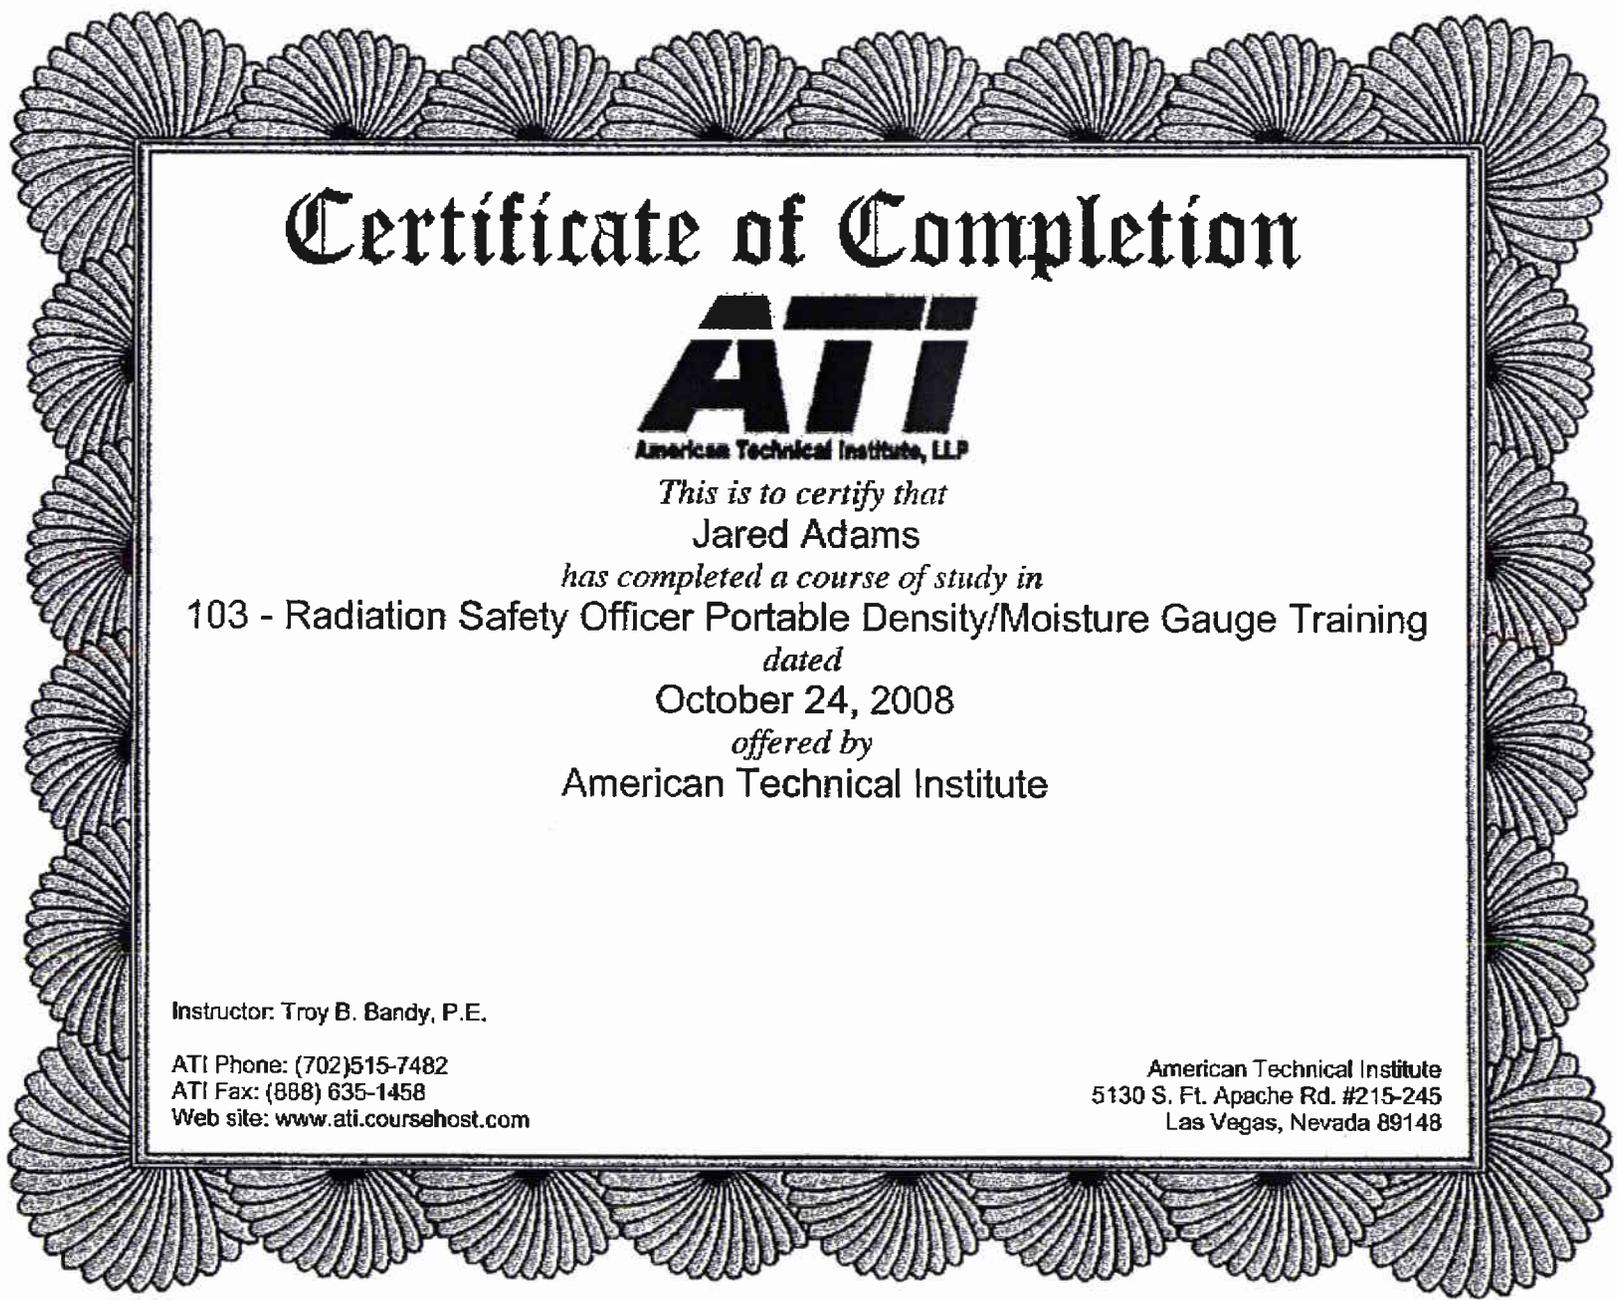

A handwritten signature in black ink, appearing to read "Jared Adams", written over a horizontal line.

Jared Adams RSO

Certificate of Completion

This is to certify that
Jared Adams
has completed a course of study in
103 - Radiation Safety Officer Portable Density/Moisture Gauge Training
dated
October 24, 2008
offered by
American Technical Institute

Instructor: Troy B. Bandy, P.E.

ATI Phone: (702)515-7482
ATI Fax: (888) 635-1458
Web site: www.ati.coursehost.com

American Technical Institute
5130 S. Ft. Apache Rd. #215-245
Las Vegas, Nevada 89148

Certificate of Completion

This certifies that

JARED ADAMS

has successfully completed the

Nuclear Gauge Safety Training Class

conducted by the training department of

Troxler Electronic Laboratories, Inc.
