Dear Ms. Harris:

This refers to your letter dated August 7, 2009 and facsimile letter dated October 14, 2009, notifying us of the planned Transfer of Control of NRC License No. 24-32434-01. Based on the information you provided, addressing information needed for Transfer of Control, as described in Appendix G of NUREG - 1556 Volume 9, Revision 2, we have no objection to the planned Transfer of Control as described.

Please note that you will need to notify us promptly, in writing, after the transaction has been finalized and include a copy of a document, confirming completion of the Transfer of Control. Please provide your response as additional information to Control No. 318423. With this information, we can issue an amendment to your NRC license (tying down the referenced documents) to reflect the Transfer of Control and related commitments made. However, if this planned Transfer of Control has not been consummated within 21 day of the date of this letter, please promptly notify us in writing so that we may void this amendment request. Please note that our voiding of the amendment request would be without prejudice to its resubmission at a later date.

If you have any questions or require clarification on any of the information stated above, you may contact us at (630) 829-9829.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). The NRC's document system is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).

Sincerely,

Loren J. Hueter
Materials Licensing Branch
