Tennessee Valley Authority)

Docket No. 50-438 and 50-439

TENNESSEE VALLEY AUTHORITY (TVA) - BELLEFONTE NUCLEAR PLANT (BLN)
UNITS 1 (CPPR-122) AND 2 (CPPR-123) – STATUS OF BELLEFONTE PERMITS AND
LICENSES

References: 1) Letter from Ashok Bhatnagar (TVA) to NRC, Bellefonte Nuclear Plant
(BLN) Units 1 (CPPR-122) and 2 (CPPR-123) dated August 10, 2009.

This letter confirms the timely renewal of the Bellefonte NPDES Permit AL0024635,
issued on November 24, 2009, by the Alabama Department of Environmental
Management. The permit is effective on December 1, 2009, and expires on November
30, 2014. Consistent with the Commission Policy Statement on Deferred Plants and
Section 5.3 of NRC's "Plan for Assessment of Tennessee Valley Authority Request to
Transition to Deferred Plant Status", the permits and licenses applicable to the
Bellefonte Units in deferred plant status are current and valid.

I declare under penalty of perjury that the foregoing is true and correct.
Executed on this 2nd day of Dec, 2009.

Jack A. Bailey,
Vice President, Nuclear Generation Development
