Dear Dr. Jaczko,

We have the pleasure of informing you that Mitsubishi Nuclear Energy Systems moved its headquarters to a new office, noted below, as of November 16, 2009.

Our company has grown to an extent that relocation to a more spacious office was necessary. Moreover, this new office location unifies all employees who were separately located at our D.C. and Arlington offices.

Our new office is conveniently located in the Rosslyn district of Arlington. Rosslyn is a thriving business center, whose location is convenient to both Washington D.C. and Northern Virginia.

I hope that you will kindly continue your support and will drop by our new office at your earliest convenience.

New office:

Mitsubishi Nuclear Energy Systems, Inc.
1001 19th Street North
Arlington, VA 22209
Tel: 703-908-8040 (representative)
Fax: 703.908.4399
7th Floor- Administration, Engineering, Licensing, QA
20th Floor- Marketing, Planning, Projects

Yours faithfully,

A handwritten signature in black ink, appearing to read "Noriyuki Kuwata". The signature is fluid and cursive.

Noriyuki Kuwata
