Project Number: 690

Dear Mr. Holian,

In several prior transmittals, we provided comments on the Generic Aging Lessons Learned (GALL) Report for Aging Management Programs (AMPs) and Aging Management Reviews (AMRs). As a follow-up to our previous submittals, we are providing additional comments on the following AMPs in the attachments to this letter:

- XI.M24 Compressed Air Monitoring
- XI.M39 Lubricating Oil Analysis

This subject was briefly discussed during our public meeting on October 28th.

If there are any questions regarding these comments, please contact me (202-739-8137) or Julie Keys (202-739-8128; jyk@nei.org).

Sincerely,
