Subject: Indian Point 3 Nuclear Power Plant
Docket No. 50-286
Proposed Changes to Technical
Specifications Regarding Management
Reorganization of the Power Authority

Dear Mr. Varga:

This application for amendment to the Indian Point 3 Technical Specifications reflects the reorganization of the New York Power Authority headquarters staff. The changes in organizational structure are designed to provide focused functional area management and efficiency. Specific changes to reflect this revised structure are detailed in the enclosed "Application for Amendment to Operating License."

The proposed changes are contained in Attachment I to the Application for Amendment enclosed with this letter, while the associated Safety Evaluation is provided in Attachment II.

Enclosed for filing are three (3) signed originals and nineteen (19) copies of a document entitled, "Application for Amendment to Operating License," together with forty (40) copies of Attachment I and II thereto, comprising a statement of the proposed changes to the Technical Specifications and the associated Safety Evaluation.

In accordance with 10 CFR 170.12, a check in the amount of \$150.00 is enclosed as payment of the application fee for the review of these proposed changes to the Technical Specifications.

In accordance with 10 CFR 50.91, a copy of this application and the associated attachments are being submitted to the designated New York State Official.
