John,
Can I please have a copy of the subject letter? I have not seen it. Thanks, Kim

See attached for letters from state Sen Connors concerning OC Tritium leak. In his correspondence he expresses concern over the station monitoring wells and why not picked up prior to the vault.

(b)(5)

We should document this and comment on this in the report. That way we can address his concern.

Any thoughts?

Ron, can you put a note in the draft report that it should address the above.

thx
