Rich, Sam, Louise, Brian, Neil,

Marc has requested some help from us in preparation for the Monday 1:00 meeting (see details about the 1:00 mtg below). He requested that we pull together in a single package before the meeting all of the letters on the OC tritium leak and license renewal decision so we can ensure we develop a coordinated responses to the OC stakeholder (see his direction below). The letters which Marc specifically mentioned to me include:

- * May 27 letter from John Alder (attached)
- * Letter from Congressman or Representative Smith from possibly a week ago (Louise Lund or NRR or Brian Harris, I think have this)
- * Ocean City Free Holder (I have no idea which letter this is, so Neil can you help retrieve an e-copy?)
- * Markey Letter (Louise, Brian do you have this one too?)

If any of you have those letters, could you please forward them to Kay Gallagher and Sam Hansell? If there are any other letters you know about, please forward those to Kay as well.

Kay,

I will need your help in preparing 4 folders with the correspondences mentioned above. Once you have made the folders, can you please ensure that Sam C gets a copy in the morning on Monday prior to the 1 pm meeting? The other 3 folders are for Marc, Darrell and I. Also, please request that John White and Rich Conte attend the meeting because they have details about the history of the OC issues.
