Dear Sir:

In accordance with the Authority's letter to you of July 17, 1979, enclosed herewith is our response to your request for information on Management and Technical Resources, dated June 29, 1979.

The organization charts included with this response reflect proposed Authority organizational changes that were discussed in a phone conversation on May 15, 1979 between Messrs. The proposed changes will be formally submitted to the NRC as a request for a Technical Specification Change to the Administrative Controls portion of Appendix A and Appendix B to the operating licenses for the subject facilities. It is anticipated that these submittals will be made in October, 1979.
