Subject: Report on today's Hilo Vets parade of Strykers, Humvees, etc.

Aloha kakou,

About 40-50 people in total turned out, during the nearly 3 and 1/2 hour protest at today's Hilo Veterans Parade. The protest focus was the U.S. illegal wars of aggression and occupation in Iraq and Afghanistan and the military including vehicles from Pohakuloa Training Area (PTA) recently returned from Iraq. Among those present were Kanaka Maoli leaders, Kelii, "Skippy" Ioane, a Vietnam vet, Moanikeala Akaka, Moana Tavares, and Noelani Mason, who together with David Schlesinger and others were broadcasting the protest live on Youthbuiltmedia.com. Also joining the protest was 95 year old Don Swergfegger, a retired methodist minister. About 1500 leaflets were distributed to people along the parade route and even some parade participants. The leaflet was entitled "Help Protect Veterans & Public Health." It warned about the dangers of possible DU contamination of the military vehicles in the Hilo parade.

PTA's commanding officer, Lt. Col. Warline Richardson's words that there would be no mobile weapon systems on military vehicles in today's parade turned out to be false. Two command Stryker vehicles at the end of the parade (just in front of the ending firetruck) were preceded by several Humvees armed with machine guns. It's interesting that the Strykers and Humvees were placed at the end of the parade, even though we stated clearly we had no intent of blocking such vehicles. The military obviously did not believe us. They made sure that if we attempted to block the Strykers it would only block them and not the rest of the parade. It should also be noted that members of a right wing citizen group called "The Eagles" were walking as escorts for the Strykers and there were several Hawaii County police on bicycles also acting as a security escort for the Strykers.

The Strykers and Humvees, recently returned from Iraq, are currently training at the PTA in the center of our island home that is officially acknowledged to be contaminated with DU. Hawaii's Stryker brigade is training for redeployment to either Iraq or Afghanistan. These vehicles participated in the Hilo parade in violation of Army Regulation 700-48 according to Doug Rokke, PH.D. Major, retired U.S. Army, and Director U.S. Army Depleted Uranium (DU) Project. Rokke says: "Any and all combat vehicles and equipment (everything) returned from Iraq should be prohibited from any civilian area. (including this parade) A standard wash rack is useless for decontamination... Army regulation 700-48, section 2-4 requires isolation from all human contact. Even after extensive depot level cleaning I found DU, and other radiological, chemical and biological contamination in vehicles years later. The gross contamination of equipment, vehicles, terrain, air, water, soil and food is reflected in, and verified by the hundreds of thousands of US casualties with serious medical problems that are unrelated to bullets or bombs, but are directly related to all of these toxic exposures. Hawaii's isolated and pristine environment should not be exposed to, and consequently placed in danger through, any exposure to any of the contaminants brought back by the US military from war zones."

All in all, the day of leafleting and protest went very well. There was minimal hostility. The leaflet was crafted to focus on protecting Veterans and Public Health. Who can be against that? We had a very good location for the protest and even many of the vets in the parade gave positive thumbs up signals to many of our signs such as: "No War Surge," "Protect the Troops from DU," "Aloha Means Peace," "Stop the Wars," and "End

Occupations." Clearly the current wars are not popular even at a veterans parade. And the fact that the Strykers - the modern chariots of empire, had to be placed last in the parade and be under right wing (Eagle) and police escort, was a sign of the military's unpopular status as occupier of the independent nation of Hawaii.

Group to protest Strykers

By Peter Sur  
Hawaii Tribune-Herald

The decision to invite Stryker vehicles to a Hilo Veterans Day parade is stirring up a military-grade headache.

The third annual parade begins at 10 a.m. today and runs through downtown Hilo, featuring seven bands, veterans of all wars from World War II to the present, and a flyover by a Black Hawk helicopter.

The featured veterans this year served in the military intelligence service of the 100th Battalion, 442nd Infantry Regiment during World War II. Hawaii's most recent veterans, comprising the 299th Cavalry Army National Guard, which recently returned from Iraq, will also be honored.

It's one of the bigger parades of the year, with some 50 units proceeding at a stately pace through Hilo's usual parade route. Estimates for participation range between 800 and 1,000 people.

But all of that is being overshadowed by a controversy over Stryker combat vehicles that have been invited.

Organizers hoped to keep word of the vehicles a secret from peace activists like Jim Albertini of the Malu Aina Center for Non-Violent Education and Action, in an attempt to ward off conflict.

Albertini found out anyway, and on Sunday wrote an open letter to Lt. Col. Warline Richardson of Pohakuloa Training Area, asking that the vehicles be kept out of the parade.

Albertini says he's concerned that the presence of the vehicles "glorifies war" under the guise of honoring veterans. He's also raised concerns that the Strykers, which are involved in training exercises at Pohakuloa, could be contaminated with depleted uranium and may pose a health risk to citizens.

Richardson called Albertini on Monday to confirm that two Strykers would be in the parade, but they would be unarmed command vehicles. There would be numerous other, non-controversial vehicles in the parade, including an ambulance and transport vehicles.

Reached at Pohakuloa, Richardson stepped back from confirming anything and referred questions to the U.S. Army Garrison public affairs office on O'ahu.

Pohakuloa's official word was "no comment," and Army spokesman Loran Doane would not confirm the vehicles would be in the parade.

Dan Kama, a board member of the parade, was also mum. "What's going to happen at the parade happens," he said.

Supporters of the Strykers will wave flags and signs during the parade, said Daryl Smith, chairman of the local Republican Party.

"It's more of a tea party group than a Republican Party group," Smith said. "They're going to try and balance Jim's protest."

Albertini's peace group plans to hand out leaflets to parade-goers before it starts. The group will hold a peaceful sign-waving along Kamehameha Avenue, across from the Hilo Farmers Market.

There are no plans to disrupt the parade, Albertini said.

Greetings,

My name is Amelia Gora, one of Kamehameha's descendants, heirs and owners of the Crown Lands. I deny that the entity State of Hawaii and the U.S. claims to own private properties of our Royal families.

Please refrain from utilizing any and all military weaponry on our properties and do not allow the use of the heavy STRYERS equipment from participating in the parade scheduled for tomorrow Saturday, November 7, 2009 for your Veteran's Day ceremony in respect for our neutral, non-violent status, as heirs and owners of much of the lands in Hawaii, Oahu, Maui, Molokai, Lanai, Kahoolawe, or 133 islands in the Hawaiian archipelago including the coral reefs which were claimed by our families in the past.

As you may already know, much opposition has been documented in regards to Kamehameha III's lands/ Crown Lands which includes Pohakuloa, Hawaii; Makua, Oahu; and Schofield, Oahu.

I ask that you refrain from the use of the heavy STRYKERS equipment which will help in eliminating the tracking of depleted uranium/DU further and contaminating our environment, and affecting everyone's health.

Your cooperation in this matter will be greatly appreciated.

Lastly, ignore "Joe Jap" Inouye, A Kaka/Akaka, etals. because they are only OLD BUCKS who are in it for the bucks and are NOT related to the Royal Families. If A Kaka/Akaka does claim to be, then that means he continues to perpetuate the treasonous /conspiring activities of his ancestor Thomas Akaka who did assist Dr. Mott-Smith, Thurston, Dole, King, Charles Reed Bishop, etals. in planning the wrongful dethronement of Hawaii's Queen whose government did go "underground", the government being a neutral, non-warring, friendly nation then and now.

Mahalo, and Aloha,

Amelia Gora, a Royal person - one of the descendants of Kamehameha, heir of Kamehameha II - Liholiho; heir of Kamehameha III - Kauikeouli; heir of Kamehameha IV - Alexander Liholiho; heir of Kamehameha V - Lot Kamehameha; heir of King Lunalilo - William Charles Lunalilo; heir of King David Kalakaua - David Kalakaua; and descendant/heir of Queen Liliuokalani /Kaeha/Kamakaeha/Makaeha

Commanding Officer  
Pohakuloa Training Area (PTA)  
P.O. Box 4607  
Hilo, Hawaii 96720

October 30, 2009

Dear Col. Richardson:

I have received a report that Stryker urban assault vehicles from PTA, recently returned from Iraq, will be in the Nov. 7th Hilo Veterans parade. Including Stryker vehicles in the parade is a provocative action that glorifies war disguised as honoring veterans. I urge that Strykers and other combat weapons be kept out of the parade. To parade these killing machines through our peaceful streets desensitizes young and old to the horrors of war.

As you know, basing Strykers in Hawaii has been a major controversy. Their use of Depleted Uranium (DU) weapons in Iraq contaminating that country forever is equally controversial, and likely related to the Gulf War Syndrome that has effected the health of hundreds of thousands of disabled U.S. veterans and millions of Iraqi citizens. The fact that these Strykers are currently doing live-fire training at Pohakuloa, known to be contaminated with DU, risks spreading that contamination, endangering the health and safety of troops and the citizens of this island. Bringing these Strykers, that may be contaminated with DU, down the streets of Hilo adds insult to injury.

Our organization supports veterans being given the best possible medical care but we are opposed to U.S. illegal wars of aggression that keep producing more and more disabled veterans. It's time to end these U.S. illegal wars and the illegal U.S. occupations of Iraq, Afghanistan, and Hawaii. If your goal is to truly honor vets, take the money you would spend to transport the Strykers to and from downtown Hilo and use it for their medical care.

With gratitude and aloha,

Jim Albertini  
President

I maintain Oppositions to the U.S. Presidents claims over our Hawaiian archipelago since former President William Clinton, George W. Bush, and to you President Obama.

May I remind you that the President and Congress has no authority outside the contiguous United States 3-12 miles zone as documented by the U.S. Supreme Court Justices.

I am a descendant and heir of Kamehameha, one of the owners of the Crown Lands, etc. and our ancestors did claim our Hawaiian Archipelago, did charge ships and received income for whaling, etc. in these waters.

Due to the breach of Treaties with the Kingdom of Hawaii, and many recently uncovered issues of piracy(ies) on the high seas, conspiracies to dethrone our Queen, placing her under duress, etc.you are totally illegal and a danger to all in our Hawaiian Islands, and all nations.

You have been the Shark on the Lands and Shark on the Seas that my grandfather talked about. You are about an EXTERMINATION CAMPAIGN, with animosities towards PEOPLE OF COLOR, you are everything about SCUM, pouring toxins, poisons, contaminants, setting off Depleted Uranium with little regard for all life in our Islands, including sea life, sea creatures.

Armed, you are NOT Welcomed here, you Fail to maintain the health, safety, of your own people who call themselves citizens...you have broken every treaty with all nations for failing to maintain the health and safety of other nations citizens as well... you have No Treaty with the Hawaiian Kingdom and only nations with our government such as Japan, Spain, Germany, etc. are acceptable and allowed to cruise our Islands, according to the terms of the treaties recognized.

You are about causing our people harm, duress, greed, animosities towards ALL PEOPLE OF COLOR, inclined to ruin everything in your path, WAR fanatics, about violence, uncivilized activities, filth, toxin spewing, contamination, plundering, abuses, bankruptcy, piracy(ies), exploitation, racketeering, criminal activities, belligerent monsters who fail to understand peace, love, the true meaning of aloha. The U.S. military activities have been illegal and remain illegal, don't belong in our Neutral, non-violent, friendly nation which happens to be filled with the true land owners, Royal persons from a Monarchy, Constitutional Monarchy government.

You are the death star for all civilizations on earth, a danger to all on earth with your Mason/Freemason activities, corporations used to plant your foot in all nations with military support and ultimately seeking the elimination of the 'needless and useless eaters', the Slavery supporting One World Order, New World Order.

You are an indication of what hell is all about and about all that is wicked and evil. You are all things contrary to life. You are the early American 13 penal colonies rolled in one.

Rents and Leases is due, for lands, and other activities around our Hawaiian archipelago. Additional information added Tuesday, October 27, 2009 for the record by Amelia Gora, a Royal person, a living human being, the Acting Liaison of Foreign Affairs from the Kingdom of Hawaii, a friendly, neutral, non-violent nation.:

Premeditation which led to piracy(ies) on the high seas did occur and evidence has been found. The references follow:

1) New York Times article, "Pearl Harbor Coaling Station - IMPERATIVE NECESSITY THAST THE UNITED STATES TAKE POSSESSION" dated January 8, 1893 and printed January 9, 1893 or eight (8) days before the dethronement of Queen Liliuokalani.

2) CHRONICLE OF AMERICA by Chronicle Publications, Mount Kisco, N.Y. article "U.S. ends coup in Hawaii" documenting that "Men from the cruiser Boston poured ahored on January 15 "to protect American lives and property," according to United States Minister John L. Stevens." This occurred two (2) days before the dethronement of Queen Liliuokalani.

3) The NEW YORK TIMES article, "The Story of a Crime" dated 6/21/1898 documents January 16, 1893 as the day that the troops landed "---three companies of bluejackets, one of artillery, one of marines, 154 men and 10 officers with 14,000 cartridges for rifles and the Gatling gun, 1,900 revolver cartridges, and 174 explosive shells for the revolving canon" was taken on land, a day (1) before the dethronement of Queen Liliuokalani.

4) Queen Liliuokalani and her subjects were under duress, stress, usurpation and coercion.

Other evidence exists.

Greetings Mr. Hayes,

Re: Cease and Desist Order for Military Activity(ies) which includes Firing, Training with Depleted Uranium Use, etc. on Our Private Properties and Attachment - Kingdom of Hawaii Records No. 2009-0316 from Amelia Gora, a Royal person and Acting Liaison of Foreign Affairs

As one of the owners of Pohakuloa, Makua, and Schofield, etc. lands, part of the Crown Lands, and Private properties of our Royal families, one of the representatives of our Royal families, the Acting Liaison of Foreign Affairs, I hereby enter this Cease and Desist Order for Military Activity(ies) which includes Firing, Training with Depleted Uranium Use, etc. on our Private Properties and attachment Letter to President Obama which was delivered to his visiting representatives in Honolulu, Oahu, Hawaii:

Greetings,

An invitation to address and respond to:

"a high-ranking Administration officials (who) will hear directly from us on what can be done to protect our oceans and respect our unique way of life." was posted calling for a meeting at the NBC/Neal Blaisdell Center from 1:30 p.m. to 6:00 p.m. today, Tuesday, September 29, 2009.

My name is Amelia Gora, a Royal person and Acting Liaison of Foreign Affairs - Kingdom of Hawaii/Hawaiian Kingdom/Hawaiian Islands/Hawaiian archipelago/He Mokupuni Pae Aina o Hawaii response follows:

I maintain Oppositions to the U.S. Presidents claims over our Hawaiian archipelago since former President William Clinton, George W. Bush, and to you President Obama.

May I remind you that the President and Congress has no authority outside the contiguous United States 3-12 miles zone as documented by the U.S. Supreme Court Justices.

I am a descendant and heir of Kamehameha, one of the owners of the Crown Lands, etc. and our ancestors did claim our Hawaiian Archipelago, did charge ships and received income for whaling, etc. in these waters.

Due to the breach of Treaties with the Kingdom of Hawaii, and many recently uncovered issues of piracy(ies) on the high seas, conspiracies to dethrone our Queen, placing her under duress, etc. you are totally illegal and a danger to all in our Hawaiian Islands, and all nations.

You have been the Shark on the Lands and Shark on the Seas that my grandfather talked about. You are about an EXTERMINATION CAMPAIGN, with animosities towards PEOPLE OF COLOR, you are everything about SCUM, pouring toxins, poisons, contaminants, setting off Depleted Uranium with little regard for all life in our Islands, including sea life, sea creatures.

Armed, you are NOT Welcomed here, you Fail to maintain the health, safety, of your own people who call themselves citizens...you have broken every treaty with all nations for failing to maintain the health and safety of other nations citizens as well... you have No Treaty with the Hawaiian Kingdom and only nations with our government such as Japan, Spain, Germany, etc. are acceptable and

allowed to cruise our Islands, according to the terms of the treaties recognized.

You are about causing our people harm, duress, greed, animosities towards ALL PEOPLE OF COLOR, inclined to ruin everything in your path, WAR fanatics, about violence, uncivilized activities, filth, toxin spewing, contamination, plundering, abuses, bankruptcy, piracy(ies), exploitation, racketeering, criminal activities, belligerent monsters who fail to understand peace, love, the true meaning of aloha. The U.S. military activities have been illegal and remain illegal, don't belong in our Neutral, non-violent, friendly nation which happens to be filled with the true land owners, Royal persons from a Monarchy, Constitutional Monarchy government.

You are the death star for all civilizations on earth, a danger to all on earth with your Mason/Freemason activities, corporations used to plant your foot in all nations with military support and ultimately seeking the elimination of the "needless and useless eaters", the Slavery supporting One World Order, New World Order.

You are an indication of what hell is all about and about all that is wicked and evil. You are all things contrary to life. You are the early American 13 penal colonies rolled in one.

Rents and Leases and due, for lands, and other activities around our Hawaiian archipelago. Plundering upon other nations ships around our Hawaiian archipelago is unacceptable, providing they have permanent treaties with our nation, the Kingdom of Hawaii/Hawaiian Kingdom/Hawaiian Islands/Hawaiian archipelago/He Mokupuni Pae Aina o Hawaii.

Sincerely with peace and truth

Amelia Gora, a Royal person,  
Acting Liaison of Foreign Affairs from  
the Kingdom of Hawaii,
