Subject: RE: An NRC Omission?

Dear Mr. Pugh,

Thank you very much for your message dated November 19, 2009. We appreciate you taking the time to inform us regarding the potential inaccuracy in the NRC Fact Sheet on Probabilistic Risk Assessment (PRA). It is our intention to modify the fact sheet to indicate that the statement in question applies only to U.S. PRA experience. We believe the modified statement will more accurately reflect the NRC's historical involvement. Thank you again for your interest.

Sincerely,

Kevin Coyne, Chief
Probabilistic Risk Assessment Branch
Division of Risk Analysis
Office of Nuclear Regulatory Research
