Dear Sir:

In response to a request from your Mr. L. Olshan on November 7, 1979 enclosed please find three (3) additional sets of marked-up system flow diagrams showing the ASME Code Class boundaries for the subject item.

Attached hereto is a listing of the system flow diagrams included in the sets. Please note that nine (9) of the drawings show later revision numbers compared to the drawings originally submitted with the referenced letter. These are identified in the listing. Drawings 9321-F-27293-9 and 9321-F-27463-8 were inadvertently omitted from the referenced submittal, but are included in this transmittal.
