Subject: Indian Point 3 Nuclear Power Plant  
Docket No. 50-286  
NRC Request for Additional Information  
Concerning Masonry Wall Design

Dear Sir:

As discussed with Mr. John Thoma of your staff, on June 2, 1982, the Authority will provide the subject information, requested in your April 28, 1982 letter, by August 5, 1982. One of the primary reasons for this extension is attributed to the unavailability of appropriate manpower of both the Authority and the Authority's consultant.

Should you or your staff have any questions, please contact Mr. J. Lamberski of my staff.

Very truly yours,

  
J.P. Bayne  
Senior Vice President  
Nuclear Generation
