Dear Mr. Miller:

Re: General Steel Industries
Granite City, Illinois

At the request of Dr. William R. Konneker of Nuclear Consultants Corp., the following is the correct number on the Cobalt radiography machines being supplied by subject Company.

- (a) 2 Model 110-AB Unitrons
- (b) 2 Cobalt 60 Sources Budd Source Capsule Assembly 300-041706 (B)

Evidently, the wrong style number for the unit was supplied to the respective licensee.

Very truly yours,

INSTRUMENTS DIVISION of The Budd Company
