Subject: Indian Point 3 Nuclear Power Plant
Docket No. 50-286
Revised Inservice Inspection Program

Dear Sir:

This letter and its attachment serve to respond to Mr. S. A. Varga's letters dated June 13, 1983 and July 15, 1983 concerning the Inservice Inspection (ISI) program for Indian Point 3. The revised program reflects considerations identified in the NRC safety evaluation report transmitted to the Authority via Mr. Varga's letter dated June 13, 1983. As was discussed with the NRC staff, additional exemptions are also requested for specified Class II and Class III systems.

Should you or your staff have any questions regarding this matter, please contact Mr. P. Kokolakis of my staff.

Very truly yours,

J. P. Bayne
Executive Vice President
