Subject: Receipt of open issue document

Jon -

On December 10, 2009, the NRC staff received a copy of Uranium One's responses to the NRC's May 11, 2009 safety evaluation report open issues. The staff notes that Uranium One submitted one copy directly to the document control desk, which is in the process of being added to ADAMS.

If you have any questions, I can be reached at 301-415-0724.

Doug
