Dear Mr. McKinley:

**RE: In response to your fax**

Summersville Memorial Hospital is owned by the City of Summersville. The City is not selling us in any way and there is no change of stock, assets, or other merger activity. This is strictly a d/b/a name change from Summersville Memorial Hospital to Summersville Regional Medical Center. There are no changes in personnel or duties that relate to any licensed program in the facility. The executive management and departmental managers and all employees will continue to manager and operate in the same manner. In addition, there are no change in the organization, location, facilities, equipment, or procedures that related to the licensed program. In addition, the surveillance program remains the same as currently administered. All records concerning the safe and effective decommissioning of the facility will remain as they are as there is no change in any of the facility or employees. Therefore, we will confirm that we will continue to abide by all constraints, conditions, requirements and commitments of the transferor. Should you need additional information regarding any of the above statements the contact you may use would be Dora Douglas, CFO at 304-872-8402.

I hope this helps to clarify that we are doing no more than a d/b/a name change and that business will continue in a seamless manner at Summersville Regional Medical Center. Thank you for your help in updating our records with your facility.

Sincerely,

Dora A. Douglas, FACHE  
CFO
