United States Nuclear  
Regulatory Commission  
Washington, D.C. 20555

Dear Sirs:

We represent Mr. James O'Boye in a lawsuit arising out of injuries sustained by Mr. O'Boye on August 1, 1982. Mr. O'Boye was injured while working in an 80 foot airlock in the vessel containment on the 8th floor of the Indian Point #3 Nuclear Power Station, in Westchester County, New York.

To pursue this action we need certain information we believe the Nuclear Regulatory Commission can provide. We would like to know who made that airlock, who were sub-contractors for which parts of the airlock and any other information you can provide concluding the manufacture, maintenance and operation of the airlock.

Thank you for your time and co-operation.

Regards,

O'DWYER & BERNSTIEN
