SUBJECT: Letter Regarding Geetha Eadala's Services

Dear Mr. Weisenbeck,

This letter is written to express our gratitude for the services that Geetha Eadala of Lockheed Martin Information Technologies (LMIT) has provided to the NRC Office of New Reactors NRO.

During the last year, Geetha provided services as a SharePoint, EPM Help Desk Tier 3 and Crystal Report developer. Geetha is an expert in variety of technical areas. Despite the fact that Geetha had to deal with a lot of competing priorities and deadlines, her services are always timely and high quality. She is very methodical in her approach often identifying needs and changes unknown to the NRO staff champion. As a result of her methods and skills, she has improved the NRO request and often save potentially wasted resources. She is extremely flexible in meeting the NRO requested actions, often on short term notice. She is a pleasure to have on the NRO projects.

Some of the NRO projects that she has worked on in 2009 are:

NRO Training Registration site, NRO Risk management data entry form, Bankcard System, Risks Database, Electronic Small Business Forms, eTravel Support System, Numerous Crystal Reports, Project Server
