Attachments: GMills Tech Question-letter to OIG dated 08-24-09.pdf

Please review the attached. The individual appears to be asking a "programmatic" question about fitness for duty and site access using SONGS as an example. We have reviewed the document and determined it does NOT constitute an allegation. Therefore, I am forwarding to you to place in the NSIR controlled correspondence system. Please reply to the individual and provide me a copy of your response.

Thanks,

Greg
