Download Departments

Here you can download a comma-separated or tab-delimited text file of United States fire departments registered with the census.

These files contain the following information: *department name, headquarters address, department mailing address, headquarters telephone number, headquarters fax number, county, department type, organization type, Web site address, number of stations, number of active firefighters, the number of non-firefighting personnel*, and a flag indicating the department's status as *primary emergency management department*.
