Subject: Telcon Summary - Telcon with TVA 12/15/2009

On December 15, 2009, NRC staff (Tanya Simms, Gordon Curran, Angelo Stubbs, and Samuel Lee) participated in a telephone conference call with TVA representatives and observers (see below) regarding the open items in the Bellefonte Chapter 9 Safety Evaluation Report (SER) from the staff's detailed review of the Bellefonte Units 3 and 4 COL application. The purpose of the call was to provide clarity of the Bellefonte Chapter 9 SER responses from the applicant.

The discussion focused on Open Items 9.1-2, 9.1-3, 9.1-4. The staff indicated that a schedule and a commitment to provide a write-up in the FSAR is expected.

At the conclusion of the call, it was decided that the applicant will provide a revision to section 9.1.4 to close open item 9.1-2 and a revision to section 9.1.5 to close open items 9.1-3 and 9.1-4.
