ATTN: Document Control Desk
U.S. Nuclear Regulatory Commission
Washington, DC 20555-0001

Subject: UniStar Nuclear Energy, NRC Docket No. 52-016
Response to Request for Additional Information for the
Calvert Cliffs Nuclear Power Plant, Unit 3,
RAI No. 189, Physical Security

Reference: UniStar Nuclear Energy Letter UN#09-499, from Greg Gibson (UniStar Nuclear Energy) to Document Control Desk (NRC), "Response to Calvert Cliffs Nuclear Power Plant, Unit 3, RAI No. 189, Physical Security," dated December 8, 2009

The purpose of this letter is to amend the information provided in the reference UniStar Nuclear Energy correspondence to NRC.

The reference letter indicated that UniStar Nuclear Energy requires additional time to finalize the response to RAI No. 189, Questions 13.06-1, and 13.06-5 through 13.06-85 and a response to these questions would be provided to the NRC by March 23, 2009. The 2009 date was a typographical error; UniStar Nuclear Energy anticipates providing the NRC a response to RAI No. 189, Questions 13.06-1, and 13.06-5 through 13.06-85 by March 23, 2010.
