SUBJECT: TERMINATION OF YOUR NRC RADIOACTIVE MATERIALS LICENSE

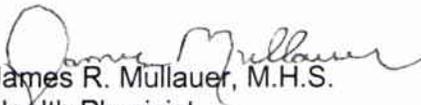

Dear Dr. Mattson:

In NRC form 314 dated October 26, 2009, you contacted the U.S. Nuclear Regulatory Commission and indicated that you wished to terminate your NRC radioactive material license No. 13-32106-01. It is our understanding from your request that QHG of Indiana, Inc. is now the owner of your nuclear medicine facility and licensed activity will continue under their NRC license No. 13-01535-01. Since licensed activity will continue without a break in patient services, a final close-out survey is not required.

Based on this conclusion, no further remediation or actions with respect to NRC regulated material is required. Based on this information, your NRC license No. 13-32106-01 is hereby terminated.

If you have any questions, please call me at (630) 829-9873.

Sincerely,

James R. Mullauer, M.H.S.
