## PREFACE TO SUPPLEMENT NO. 8

Received w/Ltr Dated 4-17-70

Supplement 8 to the Indian Point Unit No. 2 Final Safety Analysis Report consists of responses to questions from the Atomic Energy Commission and page changes to the Report. The questions were contained in a letter to Arthur N. Anderson, of Consolidated Edison Company of New York, from Peter A. Morris, Director of the Division of Reactor Licensing, dated August 4, 1969, and a letter to William J. Cahill, Jr., of Consolidated Edison Company of New York, from Peter A. Morris, dated November 13, 1969. The responses consist of questions and answers to be added to Volume 5 of the Report in the proper order behind Tab II.

The supplement responds to questions concerning Chapters 4, 6, 7, and 13 of the Report. This preface page should be inserted in Volume 5 of the Report immediately following the preface to Supplement No. 5.

Also included with this Supplement are Volume 6 binders. Tab III and Tab IV material should be transferred to Volume 6.
