Re Indian Point Unit No. 2
AEC Docket No. 50-247

Mr. Angelo Giambusso
Deputy Director for Reactor Projects
Directorate of Licensing
U. S. Atomic Energy Commission
Washington, D. C. 20545

Dear Mr. Giambusso

Enclosed are forty (40) copies of the report entitled, "Addendum to Fuel Densification--Indian Point Nuclear Generating Station Unit No. 2". Although this report is dated March 22, 1973, it would be more appropriate for the report to reflect the date of transmittal; however, time did not permit such revision.

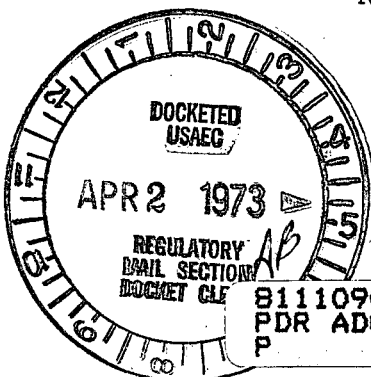

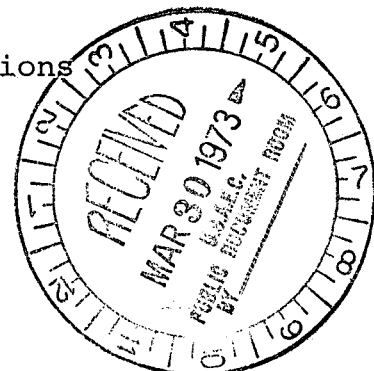

The enclosed report supplements the document entitled, "Fuel Densification--Indian Point Nuclear Generating Station Unit No. 2", dated January 1973, which was transmitted to you by my letter of January 18, 1973. We understand that the enclosed report does not contain proprietary material.

Very truly yours

Carl L. Newman
Vice President
