Subject: NEI 09-09, Revision 1, "Nuclear Power Plant-Referenced Simulator Scenario-Based Testing Methodology"

Project Number: 689

Dear Mr. McHale:

Attached is Revision 1 to NEI 09-09, "Nuclear Power Plant-Referenced Simulator Scenario-Based Testing Methodology." The initial issuance of this document was provided to the NRC in our April 17, 2009 letter to Ms. Salgado (ADAMS Accession No. ML091310539). The document has been revised to reflect the September issuance of ANSI/ANS-3.5-2009, along with minor grammatical changes.

We request your review and endorsement of NEI 09-09, Revision 1 as part of your revision to Regulatory Guide 1.149, "Nuclear Power Plant Simulation Facilities for Use in Operator Training and License Examinations."

If you have any questions, please contact me (202-739-8108; jcb@nei.org).

Sincerely,

A handwritten signature in black ink, appearing to read "John C. Butler", with a stylized flourish at the end.

John C. Butler
