Attached is MD's comments from the letter we sent regarding the new alternative sites. They have given us comments in the letter that I want to be sure that we consider. In particular they point out that they issued the CPCN with over a hundred licensing conditions and they point us to #43-53 which cover ecological aspects including the T and E species. The letter also states that they have provided documents for the EastAlco and Bainbridge sites that the PPRP developed for separate reviews. I believe we have included this information from our talks with the state and since we have the CPCN and other documents we have reviewed them and used what we determined should be used from them.

Thanks  
Laura

Laura, the signed version of the subject letter is in the mail to you. I will also call you next week to discuss.

Regards,

Susan
