Subject: Application for Amendment to Export License IW017

Dear Ms. Doane:

Duratek (a subsidiary of EnergySolutions) requests an amendment to Export License IW017 to issue a new expiration date of June 30, 2017. The current license is set to expire June 30, 2011. This extension request is driven by the performance period for contracted work with a current Canadian customer. The contract is business-proprietary and has not been included with this amendment request. It is, of course, available upon request. The currently authorized materials forms, quantities, and activities are adequate for anticipated work through the requested expiration date.

A check in the amount of \$770 for the requested amendment is enclosed.

If you have any questions or need additional information, please do not hesitate to call me at 865-220-1478.

Respectfully submitted,

Philip Gianutsos, CHP
Radiation Safety Office
Duratek Services, Inc.

Block 6, Proposed Expiration Date

An amendment to the expiration date for IW017 is requested to accommodate the period of performance for an existing contact with our Canadian customer. Monserco will continue to be the authorized Canadian supplier of materials to be imported to our Oak Ridge, TN, processing facility. No changes to the existing authorized forms, quantities and activities are requested, as adequate margins remain.
