Docket Nos. 50-3/247

Consolidated Edison Company of New York, Inc.
ATTN: Mr. Carl L. Newman,
Vice-President
4 Irving Place
New York, New York 10003

Gentlemen:

We have reviewed your letter, dated November 26, 1974. Your letter indicated that the first annual operator requalification examination would be delayed from December 17, 1974 to January 31, 1975.

Based on our review we have determined that the change will not significantly affect the program.

Further, we find the change and similar changes not to fall under the provisions of Section 50.54(i-1) and need not be approved by the Commission.

I hope this information will be of use to you.

Sincerely,
