

Docket No. 50-247

DEC 9 1965

Mr. Oliver Townsend, Director
Office of Atomic and Space Development
Executive Department
State of New York
P. O. Box 7036
Albany, New York

Dear Mr. Townsend:

Transmitted herewith for your information is a copy of an application filed by Consolidated Edison Company of New York, Inc., for a construction permit and facility license to authorize construction and operation of a pressurized water nuclear reactor having a net electrical capacity of approximately 873 megawatts derived from a thermal capacity of approximately 2,758 megawatts.

The proposed reactor, which has been designated as the Indian Point Station Unit No. 2, is to be located just north of and adjacent to the existing Indian Point Station Unit No. 1 on the applicant's site in the Village of Buchanan, Westchester County, New York. The earliest and latest dates for completion of construction are estimated to be January 1, 1969 and June 1, 1969, respectively.

Also enclosed is a copy of a related notice which has been transmitted to the Office of the Federal Register for filing and publication.
