AEC Docket No. 50-247

Director of Nuclear Reactor Regulation  
Att: Mr. Donald F. Knuth, Director  
Office of Inspection and Enforcement  
U.S. Nuclear Regulatory Commission  
Washington, D.C. 20555

Dear Mr. Knuth

Enclosed you will find 10 copies of the monthly operating report relating to Indian Point Unit No. 2 for the month of December, 1975.

As discussed with members of your staff with regard to Unit No. 3, a monthly operating report would not be meaningful since license DFR-64 for Unit No. 3 does not authorize power operation. We will submit the report in accordance with Regulatory Guide 1.16 subsequent to the license being amended authorizing power operation.

Very truly yours

William J. Cahill, Jr.  
Vice President
