Subject: Receipt of documents related to Smith Ranch Highland Operation

Angelo -

On December 29, 2009, the NRC staff received several documents related to the Smith Ranch Highland Operation. The documents included: (1) 2009-2010 annual surety update for the Ruth Satellite; (2) a letter identifying the anticipated date to address comments to the revised Chapter 6 and alternate schedule request; (3) a letter identifying the anticipated date to address comments to the 2009 surety estimate for Smith Ranch Highland; (4) an update on the excursion status at monitor well DM-3; and (5) a copy of the response to the NOV from inspection report 040-08964/09-002.

The staff will begin its acceptance review of the annual surety update for the Ruth Satellite. Additionally, the staff approves the requests to respond to the comments on the revised Chapter 6/Alternate Schedule Request and the 2009 surety estimate by March 31, 2010 and February 19, 2010, respectively.

If you have any questions, I can be reached at 301-415-0724.
