Pierre,

Thanks to you and the staff for taking time to talk to us this morning via the telecon, it was of great benefit.

As we discussed this morning Century Industries would like to request an additional two weeks in order to conduct a proof-read of the SAR and to double check our RAI responses and better prepare the SAR Revision 2 for submittal. Although we believe that we can accomplish this task earlier, we want to do everything possible to provide the final SAR to you and the Staff.

I will forward a copy of our proposed draft CoC later this week for your review.

Thank you again and our continued Best regards,

Mike
