Dear Mr. Smith:

1. Letter from Randall DeVault to you dated September 1, 2009, LOUISIANA ENERGY SERVICES – PLANT CONTROL AND CORE SYSTEMS
 2. Your e-mail to Randall M. DeVault dated January 5, 2010, Revised LES Information System Security Plans
 3. Letter from Gregory OD Smith (LES) to Document Control Desk (Nuclear Regulatory Commission) dated November 18, 2009, NEF-09-00217-NRC

In Reference 1, the Department of Energy (DOE) approved the LES ISSP 1.1.1 PCCS PCS LCC for LES at the National Enrichment Facility, Revision 1.0, dated February 2, 2009, for pre-operational testing. Also identified in this letter was the requirement for LES to submit the security test and evaluation (ST&E) plans for accreditation review.

In addition, DOE has reviewed LES ISSP 1.1.1, Revision 1.1, dated October 20, 2009, submitted by Reference 2, and determined that the changes do not impact the previous DOE approval.

As such, DOE has reviewed the ST&Es provided in Reference 3 and determined that the network described in LES ISSP 1.1.1, Revision 1.1, dated October 20, 2009 is accredited
