Dear Sir:

Please update the license file for license number 21-32287-01 for a change in the department layout. A new drawing is enclosed. The changes are inside of the room. Because of the size of the new gamma camera the hot lab was moved from the east wall to the west wall. The room walls and location did not change.

If there are any questions please call our physicist Ray A. Carlson, MS at 734-395-7361 (cell).

Sincerely,

John Larsen, B.S.
