

**Verification Monitoring Report
for the Gunnison, Colorado, Processing Site,
August 2009**

The U. S. Department of Energy (DOE) has prepared a verification monitoring report that evaluates the groundwater and surface water monitoring collected during the annual 2009 sampling event that was conducted at the Gunnison, Colorado, site in 2009. The *2009 Verification Monitoring Report for the Gunnison, Colorado, Processing Site* is available for your review on the Internet at the DOE Legacy Management (LM) website – www.LM.doe.gov.

From the LM website home page, select the United States map icon titled Legacy Management Sites. Then select Gunnison Processing Site from the drop-down list. The report will be available on the Gunnison pages of the LM website under Site Documents and Links.

If you would like to receive a printed copy of this document, please fill in the information on the attached postage-paid postcard, detach at fold, and return by mail.
