

Verification Monitoring Report for the Durango, Colorado, Processing Site, September 2009

The U.S. Department of Energy (DOE) has prepared a verification monitoring report that evaluates the groundwater and surface water monitoring collected during the annual 2009 sampling event that was conducted at the Durango, Colorado, Site in 2009. The *Verification Monitoring Report for the Durango, Colorado, Processing Site, September 2009* is available for your review on the Internet at the DOE Legacy Management (LM) website – www.LM.doe.gov.

From the LM website home page, select the United States map icon titled Legacy Management Sites. Then select Durango Processing Site from the drop-down list. The report will be available on the Durango Processing Site page of the LM website under Site Documents and Links.

If you would like to receive a printed copy of this document, please fill in the information on the attached postage-paid postcard, detach at fold, and return by mail.
