Bonn, 15 December 2009

Dear Mr. Gregory,

I have the honour to inform you that I have been appointed as Director-General for Safety of Nuclear Installations, Radiological Protection, Nuclear Fuel Cycle in the Federal Ministry for the Environment, Nature Conservation and Nuclear Safety.

As some of you might recall, I was in charge of these responsibilities already from 1994 to 1998. Therefore, and against the background of recent developments in the field of nuclear energy worldwide, I am deeply convinced that in a climate of mutual trust the challenges ahead, especially those related to safety and regulation, can be tackled.

I am looking forward to our future cooperation.

Yours sincerely,
