

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555-0001

SECRETARY

January 7, 2010

Jonathan Edwards
Director, Radiation Protection Division,
Office of Air & Radiation
U.S. Environmental Protection Agency
EPA HQs, Ariel Rios Building
1200 Pennsylvania Ave. NW
Mail Code MC6608J
Washington, D.C. 20460-0001

Dear Mr. Edwards:

The Nuclear Regulatory Commission (NRC) is pleased that you will participate in a public Commission meeting on uranium recovery regulation, Tuesday, March 2, 2010, at 9:30 a.m. The meeting will be held in the Commissioners' Conference Room on the first floor of the NRC's Headquarters building at One White Flint North, Rockville, Maryland. First, the NRC staff will provide a presentation on the status of uranium recovery activities, including license applications being reviewed under the new Supplemental Environmental Impact Statement process, experience using the GEIS, and groundwater protection. You will be part of a Federal representatives panel along with Mr. Stephen Heare and Mr. Mitchell Leverette, Bureau of Land Management. The Commission is interested in hearing EPA's perspective on the rulemaking for groundwater protection at uranium recovery facilities and consultation with NRC and progress with the 40 CFR 192 rulemaking. There will be a third panel which will include a broad spectrum of stakeholders. I am enclosing a copy of the draft meeting agenda for your information (enclosure 1). My staff will keep you informed of any updates to the agenda.

To assist the Commission in preparing for the meeting, please e-mail any written material, including viewgraphs/slides, to Ms. Rochelle Baval and Ms. Sandy Joosten (rochelle.baval@nrc.gov and sandy.joosten@nrc.gov) in the Office of the Secretary, by February 23, 2010, so that it can be distributed to the Commission for review in advance of the meeting. Enclosed are guidelines for viewgraphs, if you choose to use them (enclosure 2). PowerPoint or other electronic presentation formats are acceptable. This Commission meeting will be webcast live at the Web address: www.nrc.gov. If you intend to use viewgraphs they will also be posted on the NRC website prior to the meeting. If you have any questions, please contact Ms. Baval at 301-415-1651.

Your presentation at the Commission meeting should be based on the assumption that Commissioners are familiar with the content of your written material. Please plan 10 minutes for a combined presentation by you and Mr. Heare, discussing the important points on which you wish to focus the Commission's attention.

The NRC Headquarters building is located opposite the White Flint Metro Station on Rockville Pike and Marinelli Drive, Rockville, Maryland. The White Flint Metro Station is on the Red Line of the Washington area subway system. Reserved visitor parking for Commission guests is available. If you wish to use reserved parking, please notify Ms. Baval in advance. If reserved parking has been arranged, please check-in with the security staff at the entrance to the NRC campus on Marinelli Drive when you arrive. A Security Guard will call for an escort.

Sincerely,

A handwritten signature in black ink, appearing to read "Annette L. Vietti-Cook", with a long horizontal flourish extending to the right.

Annette L. Vietti-Cook
Secretary of the Commission
