ATTENTION: To whom it may concern

SUBJECT: Rolls-Royce Civil Nuclear SAS submittal of new **SPINLINE 3** licensing documents

REFERENCE: Project Number 0773: **SPINLINE 3** Digital Safety Instrumentation and Control Platform

Rolls-Royce Civil Nuclear SAS hereby submits the documents in the following table in connection with the referenced NRC project.

All documents are submitted electronically.

Rolls-Royce Civil Nuclear SAS requests that the proprietary documents be withheld from public disclosure. In accordance with 10 CFR 2.390, "Public inspections, exemptions, requests for withholding", an affidavit is enclosed identifying the specific portions of the above documents that are proprietary and the basis for making that determination. As noted in IN 2009-07, in instances in which a nonproprietary version would be of no value to the public because of the extent of the proprietary information, the agency does not expect a nonproprietary version to be submitted. As identified in the following table, only proprietary versions of some documents are being submitted.

Best regards,

Jean-Pierre Burel
Deputy Technical Director
Rolls-Royce Civil Nuclear SAS
