Ted Strickland/Governor

Alvin D. Jackson, M.D./Director of Health

January 4, 2010

James Luehman, Deputy Director
Division of Materials Safety and State Agreements
Federal and State Materials and Environmental Management Programs
U.S. Nuclear Regulatory Commission
Washington, DC 20555-0001

Dear Mr. Luehman:

Ohio has amended rules in Ohio Administrative Code. We are submitting the rules to the NRC for your review to ensure that they are compatible with NRC regulations. The rules were amended in accordance with RATS ID number 2007-3. Also, Ohio rule 3701:1-46-43 is being amended based on an NRC comment for RATS ID numbers 2006-1 and 2007-1. This comment is attached.

A chart to aid you in cross referencing the Ohio rules to the applicable NRC regulations is attached. The draft Ohio rules can be found at http://www.odh.ohio.gov/rules/drafts/drafts.aspx

We believe that these Ohio rules satisfy the compatibility and health and safety categories established in the Federal and State Materials and Environmental Management Programs procedure SA-200.

If you have any questions, please feel free to contact Michael Snee of my staff at 614-644-2727 or Michael.Snee@odh.ohio.gov.

Sincerely,

Robert E. Owen, Chief

Bureau of Radiation Protection

Enclosures: As stated
