Pierre,

We have completed our draft responses to the Chapter 3 (Thermal) questions and are ready to have a conference call to discuss these with staff. Let me know if we can have a call this week and when is best for you. Also, can I email you our draft responses so the reviewers can read them over before the meeting?

Mark,

Because of the way we are structured, staff's availability at any time of the day, etc., best is to have several specific calls 20-30 minutes each maximum.

Monday-Tuesday- Wednesday are potentially possible.

Pierre

Pierre,

Thanks for the notice; correction made.

We have draft responses for many of the RAIs. I will be contacting you in a few days to schedule conference calls to go over our draft responses with the reviewers to ensure our answers are complete and have addressed the reviewers concerns. Would you prefer several topic specific calls or just one to go over all the questions?

Thanks

Mark Whittaker, CHP

Mark,

When working on the CoC, I noticed that, in the SAR Rev. 0, Section 1.3 Appendix refers to the 10-160 B shipping cask drawings. Please do not forget to make that correction when submitting the SAR Rev. 1.

Thanks

Pierre
