Maurice,

Can you see that this is put into ADAMS if you have not already do so.

see NW Compacts position statement on blending. I presume this will be discussed next week.

please ensure this goes into the public record.

thanks.

Hi Patty,

I was just trying to locate your e-mail address so that I could share with you comments that were submitted yesterday from the Executive Director of the Northwest Compact to Todd Lovinger and Mark Yeager for the January 14 meeting.

Ken - I understand you and I may need to have a follow up conversation -
based on a email I
received from Bill Maier.

Please feel free to call me or email me.

Thanks.
