RE: Materials License #24-20234-02 for Cass Regional Medical Center

Dear Ms. Casey:

Ellen Clements, Cass Regional's Medical Imaging Manager spoke with you on December 29, 2009 concerning the decommissioning of our Nuclear Medicine department at our old facility located at 1800 East Mechanic, Harrisonville, Missouri. On October 20, 2009 we presented a letter asking that the NRC expedite the decommissioning of the department so that we could sell the property at 1800 East Mechanic Street, Harrisonville, Missouri. The control number on this process is 318599.

We have received and accepted a bid on this property, and need to vacate the building by January 31, 2010. We are asking for your help in releasing the Nuclear Medicine department by January 15, 2010 so that we can move forward with the sale.

If there is anything further that we need to do, please contact Ellen Clements, Medical Imaging Manager, at (816)380-5888 ext. 3530. Your help with this issue will be greatly appreciated.

Sincerely,

J. Christopher Lang, MHA, FACHE
Chief Executive Officer
