RE: Licensing of RA 226 calibration source

Mosaic Potash Hersey recently had a safety and compliance inspection with inspector Kenneth Lambert from the U.S. NRC Region III office. Upon inspection we became aware of the fact that the RA 226 calibration source that was previously under the State of Michigan jurisdiction is now going to be under the regulatory authority of the U.S. NRC.

We are asking to amend our existing license # 21-25993-01 to include the RA 226 calibration source. The source is a RA-226 20 UCI Serial # RA-20S-313

If you have any further questions or need additional information, I can be reached at 231-832-8842 or by email at William.Hicks@mosaicco.com

Sincerely,

A handwritten signature in black ink that reads "William Hicks". The signature is written in a cursive, flowing style.
