NOTE TO MR. HAROLD PRICE:

1. The revised notice of hearing for Indian Point II (place of prehearing and hearing: Buchanan Engine Company, No. 1, Inc., Albany Post Road, Buchanan, New York) has gone on to the Federal Register. A copy is attached.
2. The Federal Register will not publish the notice unless they are told to do so. They must have word from us before 12 noon if we are to have it published in the Saturday Federal Register.
3. I have talked to Mayor Burke of Buchanan again and he is one happy fellow. Arvin Upton has been completely filled in.
4. I have signed and dispatched your memo to the Commissioners attaching the notice of hearing.
5. If the August 31 date of hearing is changed as a result of your conversation with Crawford this morning, we will need to prepare a supplemental memorandum to the Commissioners.
6. Query: Do you think it would be a good idea for you or me to call Blatz to make sure that he is satisfied with a hearing date of August 31? We can then appropriately revise our formal response to his letter.
