November 25, 1970

Dear Mr. McCool:

It is my understanding that there will be a hearing on December 17, 1970, to consider the application filed by Con Edison for an operating license for Unit 2 of the Indian Point Nuclear Station at Buchanan, New York.

I would like to file a written statement setting forth my position on the issues involved in this proceeding, and will send you such a statement prior to the December 17 hearing.

With best regards.

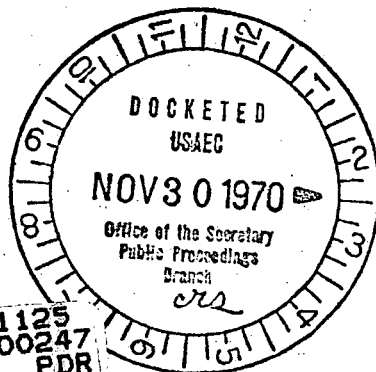

Sincerely yours,

Ogden R. Reid
