In the Matter of Consolidated Edison Company of New York, Inc.
Indian Point Nuclear Generating Unit No. 2
Docket No. 50-247

Gentlemen:

Enclosed herewith is a copy of a document dated June 29, 1971, which is a preliminary compilation describing the apparatus and the significant test data plots for the Idaho Nuclear Corporation's semiscale test series 845 through 851 conducted between November 1970 and March 1971. The information and data contained in this document has not been thoroughly reviewed by the Atomic Energy Commission or the Commission's contractor responsible for the conduct of the test series. Accordingly, the information and data contained herein must be considered preliminary and not for formal publication.

Sincerely,

Myron Karman
Counsel for AEC Regulatory Staff
