

UNITED STATES
ATOMIC ENERGY COMMISSION
WASHINGTON, D.C. 20545

June 18, 1971

Samuel W. Jensch, Esq.
Chairman, Atomic Safety and
Licensing Board
U. S. Atomic Energy Commission
Washington, D. C. 20545

In the Matter of
Consolidated Edison Company of New York
(Indian Point Station Unit No. 2)
Docket No. 50-247

Dear Mr. Jensch:

This is in response to the "Order to Produce to Permit Inspection and Copying" issued by the Atomic Safety and Licensing Board in the captioned proceeding on May 26, 1971.

The official record of the proceeding regarding the formulation and promulgation by the AEC of Appendix D to 10 CFR Part 50 (issued by the Commission on December 3, 1970) is available for inspection and copying at the Commission's Public Document Room, 1717 H Street, N.W., Washington, D. C. The Public Document Room is open from 8:30 a.m. to 5:15 p.m., Mondays through Fridays.

The contents of the official record of the subject rule making proceeding are as enumerated in the "Certified List of the Record" filed with the U. S. Court of Appeals for the District of Columbia Circuit in Calvert Cliffs' Coordinating Committee, Inc., et al. v. Atomic Energy Commission, et al. (No. 24,871). A copy of that "Certified List of the Record" is attached for your convenient reference.

Sincerely,

A handwritten signature in cursive script, appearing to read "W. B. McCool", is written over the typed name.

W. B. McCool

Secretary of the Commission

Enclosure:
"Certified List of Record"
